FOR IMMEDIATE RELEASE

The Regional District of Fraser-Fort George has cancelled the Declarations of a State of Local Emergency for both Electoral Area F and Electoral Area H of our district.

It is evident that the Regional District is no longer required to provide for the immediate coordination and regulation of persons or property due to the imminent threat of flooding and as such there is no further need for the State of Local Emergency in these areas.

The public is still asked to avoid the Fraser River and its tributaries until the water level has receded to normal summer levels.

The public can still call 960-4475 at anytime (day or night) and speak to a Regional District staff member about issues or concerns or visit the RDFFG website www.rdffg.bc.ca for updated flood information.

The Emergency Operations Centre at the Regional District will remain open during normal Regional District office hours to assist the public or other responding agencies.

The Regional District would like to thank our residents for their continued patience and support during the events of the last week.
