Regional District Advises of Localized Flooding Around Prince George

As a result of localized flooding in areas to the south and west of Prince George, the Regional District of Fraser-Fort George has activated its Emergency Operations Centre (EOC) to a level one.

There is localized flooding in ditches and creeks in the Salmon Valley, Pineview, Red Rock and Mud River areas.

Residents in those areas are advised to contact the Regional District of Fraser-Fort George at (250)960-4401 in the event that their home is threatened by flooding.

The Regional District of Fraser-Fort George will continue to monitor the situation throughout the day and through the weekend.
