

home composting. For more information, call REAPS at 250-561-7327.

The Foothills Landfill has a centralized composting operation for recycling yard and garden trimmings (leaves, grass and hedge clippings, plants, flowers, weeds, vegetable stocks, shrub and tree branches up to 75 mm (3 inches) in diameter). Land clearing debris or industrial sources of wood waste are not accepted for composting.

When delivering loads of compostable yard and garden waste, **please ensure that loads are covered and contained** so that material does not blow out onto the roads.

Alternate Disposal Site		
Materials that are not accepted at the Hixon Regional Transfer Station, but will be accepted at the Foothills Boulevard Regional Landfill include:		
Air Conditioning Units	Concrete/ Asphalt	Mattresses
Anti-freeze	Construction Waste	Furniture
Appliances	Fridges/ Freezers	Roofing Materials
Auto Hulks/Parts	Hot Water Tanks	Used Oil/Oil Filters
Lead Acid Batteries	Land Clearing Debris	Soils
Bulky Materials	Lumber	Tires Vehicle Parts

Most of these items can be dropped off at no charge at the Foothills Boulevard Regional Landfill. Call the Landfill at 250-962-8972 for further information.

PROHIBITED MATERIALS

The following materials **are not** accepted at Regional District Transfer Stations and Landfill facilities:

Chemical Waste	Paints/Solvents
Cattle Carcasses	Refuse (on fire or smoldering)
Fencing Wire	Sewage Sludge
Fuels	Special Waste (Provincial Regulation)
Hazardous Waste Liquids	Steel/Plastic Drums (if not cut/crushed/perforated)
Lubricants	
Pesticides	

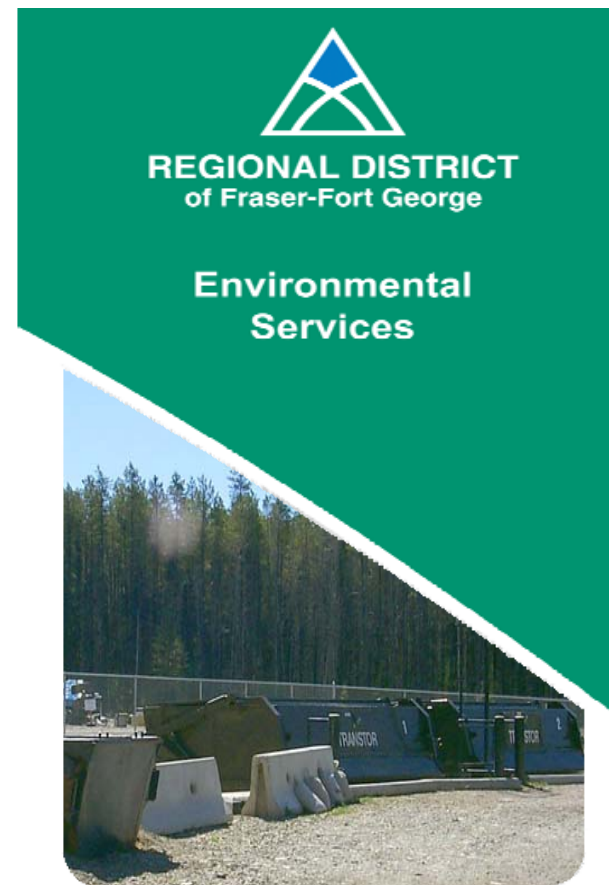

Alternative waste disposal options are available for these materials. Please contact the Regional District Service Centre at 250-960-4400.

Hixon Regional Transfer Station

SITE OPERATION

The Hixon Regional Transfer Station is operated by the Regional District of Fraser-Fort George and is designed to receive **small loads** of household garbage. Household garbage is comprised of materials such as food waste, packaging waste, plastics, textiles, glass and cold wood ash from residential fireplaces. The material delivered to this facility will be transferred to the Foothills Boulevard Regional Landfill in Prince George (West Austin and Foothills Boulevard).

TRANSFER STATION SERVICES

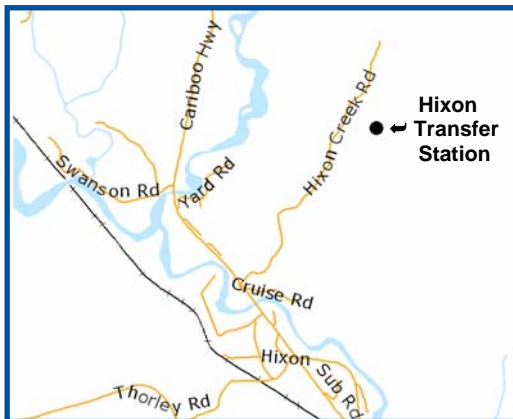

This facility provides household garbage disposal service by way of the on-site transfer station. All waste is to be deposited into the transfer station bins.

The transfer station is designed to receive **bagged household garbage and to accommodate the tipping of garbage cans**. Garbage should be contained within a large garbage bag or a garbage can with a lid for transport to the facility. Ensure that the bin door is shut and latched to prevent animals from entering the bin.

HOURS OF OPERATION

The transfer station is open from dawn to dusk, 365 days a year.

Location Map

MULTI-MATERIAL RECYCLING

Multi-material Recycling bins are located in convenient locations throughout Prince George. **The nearest recycle depot to this site is the Red Rock Regional Transfer Station.** The next time you go to Prince George to purchase more products that have packaging that can be recycled, drop your old recyclable materials off.

Recycling bins are provided to receive:

- **Metal Food Containers and Milk Jugs**
rinse cans, remove labels, place lids inside cans and flatten.
- **Mixed Paper**
cardboard, catalogues, glossy flyers, cereal boxes, office paper, kraft grocery bags, phone books, envelopes, magazines, newspaper, cardboard egg cartons. No paper with plastic, foil, wax, or food residue please.
- **Cardboard**
remove all non-cardboard material such as plastic and styrofoam. Staples and tape can remain on boxes.

Contact the Service Centre at the Regional District for a list of local recycling depots throughout Prince George at 250-960-4400.

ALTERNATE WASTE DISPOSAL OPTIONS

The following disposal options and services are available in the Regional District of Fraser-Fort George:

Scrap Metal Recycling

Private scrap metal services are available for commercial generators and for auto hulk disposal. Metal materials accepted at the Foothills Boulevard Regional Landfill for recycling include:

- Appliances and parts such as stoves, dishwashers, hot water tanks, washers, dryers and any other **non-refrigeration** type appliance;
- Bicycle frames and barbecue hulks;
- Metal roofing and siding;
- Lawn mower bodies, snowmobile and motor bike frames (fuel and lubricants must be removed); and
- Any steel containers (drums and tanks) must be crushed or perforated to ensure that they contain no liquid or hazardous material. Pressurized containers cannot be recycled.

Refrigeration Appliances

Refrigeration type appliances are accepted at the Foothills Landfill site for a nominal disposal fee of \$15. The fee pays for the recovery and recycling of the ozone depleting refrigerant gases and the recycling of the appliance body. Ozone depleting gas recovery is mandatory and regulated by the Province of BC for the protection of the earth's ozone layer.

Tire Recycling

When buying new tires, leave your old tires with the tire retailer and they will ensure that the tires are recycled. Otherwise, tires can be taken to the Foothills Boulevard Regional Landfill. Passenger and Light Truck Tires (PLT's <16.5") **off rims** can be disposed of at no charge. **There is a disposal fee for medium truck tires (MT's >16.5" and <25.5") and off road tires (ORT's >25.5" and/or with a tread width > 12") off rims.**

Yard and Garden Waste Recycling

Backyard composting is an effective method for handling your yard and garden waste. Leaves, grass clippings and vegetable clippings can all be recycled in your backyard then added to your lawns and gardens.

The Recycling & Environmental Action Planning Society (REAPS, www.reaps.org) offers workshops and provides information brochures on
