

Request for Proposals – ES-08-06
Summit Lake Community Sewer System Project

Addendum No. 3

Page 6: 5.0 SCOPE OF WORK

Phase III

Construction Services

- Supervise and report progress of construction including observation and reporting of installation of services on private property

Note: This sentence is referring to the inspection of individual connections to the main line within the one (1) year warranty period. Quote on inspection price per household is to be provided.

We are looking forward to your proposal.
