EAST LINE COMMUNITY FACILITIES PROPOSED SERVICE PUBLIC INFORMATION MEETING APRIL 3, 2014 – 7:00 P.M. WILLOW RIVER FIRE HALL

The Willow River Recreation Association approached the Regional District Board to investigate the feasibility of a recreational service for the area. Since that time, a Building Committee comprised of area residents, and representatives from the Regional District and Willow River Recreation Association, have worked with the School District to make a recreational/community centre (to be attached to the new Giscome Elementary School) a reality. The Centre, referred to as the East Line Activity Centre, has been funded through the Province of B.C.'s Community Recreation Grant Program, Regional District Electoral Area F Community Grants-In-Aid, and funds raised by the Willow River Recreation Association.

The Willow River Recreation Association would like to propose the establishment of a taxable community facilities service for properties along the East Line, which would assist in funding operating costs for not only the East Line Activity Centre, but future community facilities within the proposed service area. A public information meeting will be held on **April 3, 2014 at the Willow River Fire Hall** to discuss:

- ❖ the purpose of establishing a community facilities taxable service area
- ❖ the proposed community facilities service area (which properties would be impacted)
- ❖ taxation impact to property owners
- ❖ timelines to establish a service

The Building Committee and the Regional District highly value and encourage your attendance at this information meeting, to hear the details of the proposed service and to give you the opportunity to offer feedback.

Service proposal contacts:

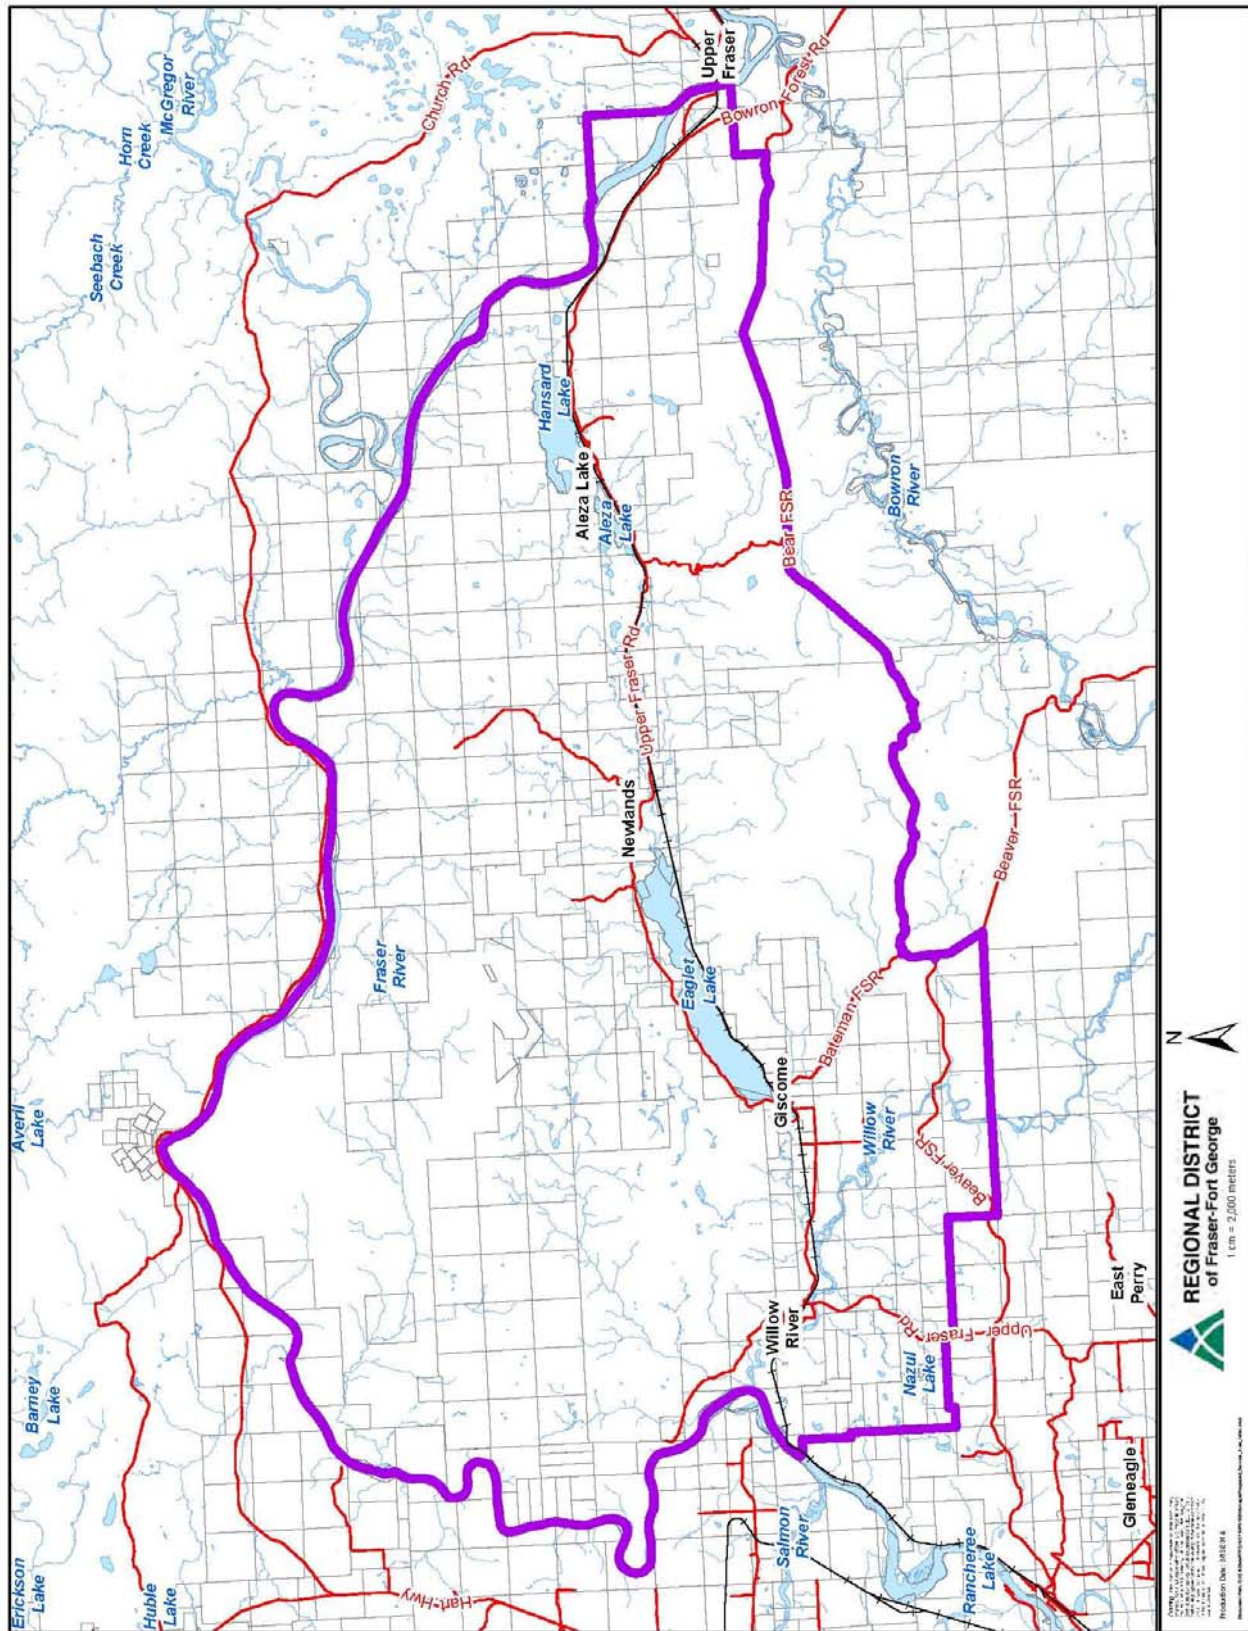

East Line Activity Centre Building Committee Chair, Faellen Brandner(250) 966-2277
East Line Activity Centre Building Committee Member, Denise MacDonald(250) 966-2435
