

## **Questions and Answers**

### **Invitation to Tender ES-14-12**

#### **Compaction and Cover - Foothills Boulevard Regional Landfill**

**Question:**

The invitation to tender, Item 14, page 19. Excavator “ninety horsepower, a maximum reach of approximately seven and one half (7.5) meters, and a bucket capacity of approximately 0.57 cubic meters”, can you please confirm these specifications.

**Answer:**

The stated specification for the excavator is intended to be a minimum requirement based on historic practices. The bidder should provide the equipment that they feel is necessary to complete the work in a timely manner, and provide a level of service commensurate with current operations.
