

Addendum No. 1

**Request for Proposals ES-20-05
Scrap Metal Recycling Services**

The addendum is being issued prior to the closing of the Request for Proposals to provide further information, make changes to, or to clarify the Contract Documents and is to be read, interpreted and coordinated with all other parts of the Contract Documents. In the case of a conflict with the balance of the documents, this Addendum shall govern. **Proponents shall attach a signed copy of this addendum to their proposal.** This addendum shall form part of the Contract Documents.

Question #1: Does the Regional District have a preference in pricing – one set price for the full term, or an adjusting price based on an AMM index. Or is it up to the proponent to decide?

Answer: For clarity, the Regional District stockpiles scrap metal at five (5) different locations:

1. Foothills Boulevard Regional Landfill
2. Bear Lake Regional Transfer Station
3. Hixon Regional Transfer Station
4. Mackenzie Regional Transfer Station
5. Valemount Regional Transfer Station

There are also the two solid waste facilities (within the City of Prince George boundaries) that require additional levels of service as detailed in Section 8.1, Local Scrap Metal Services.

As per Section 10.0, Financial Proposal, the proponent is being asked to clearly identify and detail all costs separately. A completed cost estimate table must be included, detailing the following items:

- Price per tonne for bailing scrap metal
- Price per tonne for transportation costs
- Price per tonne for marketing and sale of product
- Revenue payable to the Regional District per tonne

The proponent will provide the cost estimates for each location listed above as well as the two solid waste facilities that require additional levels of service.

Date: February 26, 2020

Addendum 1 Received.
