## **BUSINESS FACADE IMPROVEMENT FUNDS AVAILABLE IN REGIONAL DISTRICT FRASER-FORT GEORGE**

Businesses in the electoral areas of the Regional District of Fraser-Fort George interested in giving the exterior of their buildings a face lift can now apply for a one-time grant of up to \$5,000.

With support from Northern Development Initiative Trust, the business façade improvement program provides grant funding to businesses to improve commercial building frontages. Eligible businesses can receive a 50% reimbursement up to a maximum of \$5,000 to complete exterior improvements such as building façades, signage, murals, architectural features, siding, lighting and awnings.

“We are pleased to offer this program and provide businesses in the region with funding to support improvements to their building,” says Kenna Jonkman, General Manager of Development Services with the Regional District. “We know vibrant commercial properties have the potential to attract new customers, clients, visitors and potential investors. Strong businesses mean a strong region and that’s good for everyone,” says Jonkman.
