If your load contains recycling or yard and garden waste only, no fee will apply.

If you have both waste and recyclables, you are encouraged to separate your load so that the recycling and waste portions can be weighed separately. If your load is mixed and not separated, you will be charged based on the entire weight of the load.

PERMITS FOR DISPOSAL OF CONTROLLED WASTE

A permit issued by the Regional District is required to deposit a controlled waste at the Foothills Boulevard Regional Landfill. Permit application forms are available from the Foothills Boulevard Regional Landfill during regular operating hours, or on the Regional District website.

SEPARATED MATERIAL

When sorted separately, DLC waste can be recycled locally for cheaper than landfill tipping fees. For more information visit www.SortSmart.ca
