

ALTERNATE DISPOSAL SITE

Materials that are **not accepted** at the McBride Regional Recycling Depot and Transfer Station, but **are accepted** at the Valemount Regional Transfer Station include:

Auto Hulks/Parts
Bulky Materials
Land Clearing Debris
Soils

Most of these items can be dropped off at the Valemount Regional Transfer Station. Call the Valemount Regional Transfer Station at 250-566-4253 or the Regional District Service Centre at 250-960-4400 or 1-800-667-1959 for further information.

PROHIBITED MATERIALS

The following materials **are not** accepted at Regional District Transfer Stations and Landfill facilities:

Cattle Carcasses
Chemical Waste
Explosives
Fencing Wire
Fuels
Hazardous Waste
Ignitable Waste
Liquids
Lubricants
Paints/Solvents
Pesticides
Radioactive Waste
Reactive Waste
Refuse (on fire or smoldering)
Sewage Sludge
Special Waste (Provincial Regulation)
Steel/Plastic Drums (if not cut, crushed or perforated)
Tires (as of March 31, 2022)

Alternative waste disposal options are available for these materials. Please contact the Regional District Service Centre at 250-960-4400 or 1-800-667-1959 for further information.

When delivering waste or recyclables to any Regional District facility, please ensure that loads are covered and contained so that material does not blow out onto the roads.

SITE OPERATION

The Dunster Regional Transfer Station is operated by the Regional District of Fraser-Fort George and is designed to receive **small loads** of household garbage. Household garbage is comprised of materials such as food waste, packaging waste, plastics, textiles and glass. The material delivered to this facility will be transferred to the Foothills Boulevard Regional Landfill in Prince George. Commercial and large loads should be delivered to the McBride Regional Transfer Station or Legrand Select Waste Landfill. Applications for disposal at the Legrand Landfill are available at the McBride Regional Transfer Station.

TRANSFER STATION SERVICES

The facility provides household garbage disposal service by way of the on-site transfer station. All waste is to be deposited into the transfer station bins. The transfer station is designed to receive **bagged household garbage and to accommodate the tipping of garbage cans**. Garbage should be contained in a large garbage bag or a garbage can with a lid for transport to the facility. When leaving, please ensure that the bin door is shut and latched to prevent animals from entering the bin.

SWAP SHED

The Dunster Regional Transfer Station has a materials exchange area where reusable items can either be dropped off or picked up free of charge.

LOCATION MAP

MULTI-MATERIAL RECYCLING

A recycle bin is provided at the **Dunster Regional Transfer Station** to receive:

- **Cartons and Containers**
Plastic containers, steel packaging, aluminum containers and paper packaging containing liquids when sold. Empty and rinse containers -labels are okay, remove caps, pumps & lids, place loose in the bin. Put metal lids inside cans and flatten.
- **Mixed Paper**
*Flattened cardboard, catalogues, glossy flyers, cereal boxes, office paper, kraft grocery bags, envelopes, magazines, newspaper and cardboard egg cartons. **NO paper that has any plastic, foil, wax, or food residue attached to it.***

For a detailed list of accepted materials, please refer to the Regional District Recycling Brochure, visit our website or www.sortsmart.ca.

ALTERNATE WASTE DIVERSION OPTIONS

The following waste disposal options and services are available at the **McBride Regional Transfer Station** and **Valemount Regional Transfer Station**:

Scrap Metal Recycling

Private scrap metal services are available for commercial generators and for auto hulk disposal. Small loads of metal materials are accepted at the Valemount and McBride Regional Transfer Stations for recycling. Acceptable materials include:

- Appliances and parts such as stoves, dishwashers, hot water tanks, washers, dryers and any other **non-refrigeration** type appliance, many of which are part of MARR;
- Bicycle frames and barbecue hulks;
- Metal roofing and siding;
- Lawnmower bodies, snowmobile and motor bike frames (fuel, lubricants and tires must be removed);
- Any steel containers (drums and tanks) must be crushed or perforated to ensure that they contain no liquid or hazardous material. Pressurized containers cannot be recycled.

Appliances Containing Refrigerant

Fridges, freezers, air conditioners, and dehumidifiers under the Major Appliance Recycling Roundtable Stewardship program are accepted free of charge for recycling at McBride Regional Transfer Station and Valemount Regional Transfer Station. For more information on MARR check out their website: <https://www.marrbc.ca>

Tire Recycling

As of March 31, 2022, tires are no longer accepted at Regional District transfer stations or landfills.

When buying new tires, leave your old ones with the tire retailer and they will ensure that they are recycled. Otherwise, please visit Tire Stewardship BC (TSBC) (www.tsbc.ca) or call Toll-free [1-866-759-0488](tel:1-866-759-0488) to find your nearest drop-off location.

Yard and Garden Waste Recycling

Backyard composting is an effective method for handling your yard and garden waste. Leaves, grass clippings and vegetable clippings can all be composted in your backyard and then added to lawns and gardens.

Yard and garden trimmings (leaves, grass and hedge clippings, plants, flowers, vegetable stalks, shrub and tree branches up to 75 mm (3 inches) in diameter) are accepted at the Valemount Regional Transfer Station for composting. Land clearing debris and industrial sources of wood waste are not accepted for composting.

Used Oil, Oil Filters, Antifreeze, Lead Acid Batteries

Used oil, oil filters, oil containers, antifreeze, antifreeze containers and lead acid batteries are accepted for disposal at the McBride and Valemount Regional Transfer Stations.
