The Contractor may begin services immediately upon receipt of a purchase order but will begin the project no later than two weeks after having been so notified, unless a later date is mutually agreed to by both parties and specified on the purchase order.

Where the Regional District is unable to provide two weeks notice to the Contractor, but the project is not an emergency, the Community Services Manager and the Contractor will mutually agree upon a reasonable timeline which will be so noted on the purchase order.

There may be instances in an emergency situation where the Regional District retains the right to engage services from other than the successful bidder.

13.3 Licenses and Permits

The Contractor shall obtain all licenses, permits, approvals, and insurance required under the laws of the Province of British Columbia with regard to its own activity under this Contract.

If the event of Force Majeure results in a material increase in the cost of the work to be performed in respect of which the Contractor is providing the Services, then the Regional District may choose not to proceed with the completion of the work and may terminate this Contract. If the Regional District terminates this Contract following the termination of the Force Majeure event, then it shall compensate the Contractor in accordance with Section 13.10 on page 13 of the ITQ.

Each project undertaken by the Contractor will not proceed until a purchase order is issued by a Community Services Manager. The purchase order and accompanying scope of work document(s) will lay out the scope of the services required to be done by the Contractor for the project. The purchase order number is to be referenced on the Contractor's invoice to the Regional District.

Following completion of work, the Regional District will pay for work completed to the Regional District's satisfaction based on the rates provided in the Contractor's ITQ submission and the project rate schedule. The Regional District will pay by the thirtieth (30th) day of the month following that for which payment is required, on receipt of an invoice from the Contractor. The Regional District will inspect the work before making payment.

The Regional District, without invalidating the Contract, may make changes by altering, adding to, or deducting from the project work. The Contractor will proceed with the project work as changed and the work will be executed under the provisions of the Contract. No changes will be undertaken by the Contractor without written order of the Regional District, except in an emergency endangering life or property, and no claims for additional compensation will be valid unless the change was so ordered. The Regional District will entertain no payment for extra work or changes for any project unless a "Change Purchase Order" is completed, signed and issued by a Community Services Manager.

No payment will be made for materials supplied by the Regional District.

13.9 Regional District's Right to Correct Deficiencies

The Community Services Manager responsible for the project, or their delegate, may complete periodic inspections of the work. Should any deficiencies be found the Contractor will be notified and receive a written copy of the inspection report.

Upon failure of the Contractor to perform the work in accordance with the specifications of the project purchase order or of this Contract, and after written notice to the Contractor, or without notice if any emergency or danger to the work or public exists, the Regional District may, without prejudice to any other remedy it may have, correct such deficiencies. The cost of the work performed by the Regional District in correcting deficiencies will be paid by the Contractor or may be deducted from monies payable to the Contractor.

13.10 Provisions for Termination or Suspension of Contract

For unsatisfactorily performed work, the Contractor will, with written notice from the Regional District, have three days to correct deficiencies. If not completed within three days or any other reasonable time agreed upon by the Regional District, the Regional District has the right to correct them at which time the Regional District has the right to withhold costs from payment to the Contractor. After three such written notices, the Contract will be terminated.

The Regional District will have the right to terminate the Contractor's right to continue with the work of the Contract if, at any time, the Contractor becomes bankrupt, makes an assignment of their property for the benefit of creditors, or if a receiver or liquidator should be appointed, and that such termination shall be effective upon the Regional District giving notice thereof.

The Regional District shall compensate the Contractor for all Services performed hereunder through to the date of any termination and all-reasonable costs and expenses incurred by the Contractor in effecting the termination. All drawings, plans or other documents resulting from the Services, whether complete or in a draft form, produced by the Contractor prior to the termination of the Contract, will be provided to the Regional District within ten (10) business days of the termination date.

14.0 **DISPUTE RESOLUTION**

If a claim, dispute, or controversy arises out of or relates to the interpretation, application, enforcement, or performance of Services under this Contract, the Contractor and the Regional District agree first to try in good faith to settle the dispute by negotiations between senior management of the Contractor and the Regional District. If such negotiations are unsuccessful, the Contractor and the Regional District agree to attempt to settle the dispute by arbitration if both parties agree.
