The Regional District may, at its sole discretion, reject any or all quotes at any time throughout the quote evaluation, bidder selection, or contract negotiation process.

Non-compliance or variances with the specific ITQ specifications will not necessarily result in rejection of a quote. The acceptance or rejection of all non-compliant items, and/or variances to the ITQ specifications, must be at the sole discretion of the Regional District, without any obligation by the Regional District to either request clarifications, enter into detailed discussions, or negotiations with the bidder.

14.2 Notice

The Regional District will endeavor to provide a minimum of two weeks written notice to the Contractor that remediation services will be required for a specific project. Upon receiving written notification by email, the Contractor will acknowledge receipt by email to the Regional District within 24 hours. The Bylaw Enforcement Officer and the Contractor will define project duration expectations and timelines for the project which will be reflected on the purchase order. The Contractor may begin the remediation project immediately upon receipt of a purchase order but will begin the project no later than two weeks after having been so notified unless a later date is mutually agreed to by both parties and specified on the purchase order.

Where the Regional District is unable to provide two weeks notice to the Contractor, but the project is not an emergency, the Bylaw Enforcement Officer and the Contractor will mutually agree upon a reasonable timeline which will be so noted on the purchase order.

There may be instances in the case of an emergency situation where the Regional District retains the right to engage remediation services from other than the successful bidder.

14.3 Adverse Conditions

The Contractor will examine a property prior to commencing the provision of remediation services on or to the property and immediately report adverse conditions – which may include, but are not necessarily limited to, the presence or behaviour of persons or animals on the property – to the Bylaw Enforcement Officer. After being notified of such adverse conditions, the Bylaw Enforcement Officer will take appropriate action to reduce the adverse conditions prior to the commencement of work. Commencement of work by the Contractor shall imply the Contractor's acceptance of the existing conditions on the property. No claims for damages or extras resulting from such conditions or defects will be accepted later, except where such conditions could not have been known prior to commencing work.

14.4 Before and After Photos

The Contractor will take photos before and after performing any remediation services on or to property and provide these photos to the Bylaw Enforcement Officer.

14.5 Licenses and Permits

The Contractor shall obtain all licenses, permits, approvals, and insurance required under the laws of the Province of British Columbia with regard to its own activity under this Contract.

14.8 Force Majeure

If either the Contractor or the Regional District are prevented from performing their obligations under the Contract, or where the Regional District's work in respect of which the Contractor is providing Services, cannot be performed because of an act of God, an act of a legislative, administrative or judicial entity, fire, flood, labour strike or lock-out, epidemic, unusually severe weather, or other similar cause outside of the control of the Parties (collectively "Force Majeure"), then the obligations of the Contractor and the Regional District under the Contract shall be suspended for so long as the condition constituting Force Majeure continues. The Party affected by Force Majeure shall provide the other Party with notice of the anticipated duration of the Force Majeure event and any actions being taken by the Party providing notice to avoid or minimize the effect of the Force Majeure event and shall make reasonable efforts to remove or mitigate the effects of the condition constituting Force Majeure. Upon the termination of the Force Majeure event, the Regional District shall grant to the Contractor a time extension for performance of any milestone dates required as part of the Services as may be agreed with the Contractor or, if the Regional District and the Contractor are unable to reach agreement as determined by the dispute resolution process under Section 15 on page 16 of the ITQ. Where, as a result of Force Majeure, there is a material increase in the Contractor's cost of or the time required for the performance of the Services that is not offset by a decrease in cost, then the Regional District shall increase the amount of the service fee payable to the Contractor under Section 14.10 on page 15 of the ITQ, as may be agreed by the Contractor. If the event of Force Majeure results in a material increase in the cost of the work to be performed in respect of which the Contractor is providing the Services, then the Regional District may choose not to proceed with the completion of the work and may terminate this Contract. If the Regional District terminates this Contract following the termination of the Force Majeure event, then it shall compensate the Contractor in accordance with Section 14.12 on page 16 of the ITQ.

14.9 Damage to Existing Property or Facility

The Contractor is responsible for all damage to any property outside the scope of the Contract. In the event of damage to any property arising from actions of the Contractor, their employees or sub-Contractors the Contractor will immediately advise the Regional District.

14.10 Payment

Each project undertaken by the Contractor will not proceed until a purchase order is issued by the Bylaw Enforcement Officer. The purchase order and accompanying scope of work document(s) will lay out the scope of the engineering work required to be done by the Contractor for the project. The purchase order number is to be quoted on the Contractor's invoice to the Regional District.

Following completion of work, the Regional District will pay for work completed to the Regional District's satisfaction based on the rates provided in the Contractor's ITQ submission and the project rate schedule. The Regional District will pay by the thirtieth (30th) day of the month following that for which payment is required, on receipt of an invoice from the Contractor. The Regional District will inspect the work before making payment.

The Regional District, without invalidating the Contract, may make changes by altering, adding to, or deducting from the project work. The Contractor will proceed with the project work as changed and the work will be executed under the provisions of the Contract. No changes will be undertaken by the Contractor without written order of the Regional District, except in an emergency endangering life or property, and no

claims for additional compensation will be valid unless the change was so ordered. The Regional District will entertain no payment for extra work or changes for any project unless a "Change Purchase Order" is completed, signed and issued by the Bylaw Enforcement Officer.

No payment will be made for materials supplied by the Regional District.

14.11 Regional District's Right to Correct Deficiencies

The Bylaw Enforcement Officer is responsible for the project, or their delegate, may complete periodic inspections of the work. Should any deficiencies be found the Contractor will be notified and receive a written copy of the inspection report.

Upon failure of the Contractor to perform the work in accordance with the specifications of the project purchase order or of this Contract, and after written notice to the Contractor, or without notice if any emergency or danger to the work or public exists, the Regional District may, without prejudice to any other remedy it may have, correct such deficiencies. The cost of the work performed by the Regional District in correcting deficiencies will be paid by the Contractor or may be deducted from monies payable to the Contractor.

14.12 Provisions for Termination or Suspension of Contract

For unsatisfactorily performed work, the Contractor will, with written notice from the Regional District, have three days to correct deficiencies. If not completed within three days or any other reasonable time agreed upon by the Regional District, the Regional District has the right to correct them at which time the Regional District has the right to withhold costs from payment to the Contractor. After three such written notices, the Contract will be terminated.

The Regional District will have the right to terminate the Contractor's right to continue with the work of the Contract if, at any time, the Contractor becomes bankrupt, makes an assignment of their property for the benefit of creditors, or if a receiver or liquidator should be appointed, and that such termination shall be effective upon the Regional District giving notice thereof.

The Regional District shall compensate the Contractor for all Services performed hereunder through to the date of any termination and all-reasonable costs and expenses incurred by the Contractor in effecting the termination. All drawings, plans or other documents resulting from the Services, whether complete or in a draft form, produced by the Contractor prior to the termination of the Contract, will be provided to the Regional District within ten (10) business days of the termination date.
