## 1.0 PURPOSE

The Regional District of Fraser-Fort George (the "Regional District") invites tenders for a Maintenance Contract for the:

- a. Canoe Valley Recreation Centre (CVRC) – Valemount, BC, Refrigeration Plant; and
- b. Robson Valley Recreation Centre (RVRC) – McBride, BC, Refrigeration Plant; and Heat Recovery/Interconnection to the Robson Valley Community Centre (Community Centre)

## 2.0 BACKGROUND

The Recreation Centre refrigeration plants support seasonal ice arenas. Additionally, the Robson Valley Recreation Centre in McBride has 2 sheets of curling ice. Both facilities provide year-round fitness areas and in the off season the arena floors are used for a variety of sports such as in-line skating, roller hockey, indoor soccer, tennis and pickleball.

In 2021 the chiller unit at the Canoe Valley Recreation Centre was replaced. At the time of this Tender, the chiller in the Robson Valley Recreation Centre is in the process of being replaced with the expected completion to be early in July 2022. The new chillers in both facilities are low-ammonia plate and frame systems. Both plants have also been brought up to current Technical Safety BC standards. General equipment lists specific to each facility are provided in the Scope of Work. Further upgrades to the Recreation Centre's are planned to take place in the next few years to replace the condensers. Condenser replacement will take place under a separate competitive bid opportunity.

The Contractor is responsible to the Regional District for the acts and omissions of their sub-contractors to the same extent that they are responsible for the acts and omissions of persons employed by them. Nothing in the contract documents will create any contractual relation between any sub-contractor and the Regional District. The Contractor will bind every sub-contractor to the terms of the contract documents.

## 4.0 **REGIONAL DISTRICT'S RIGHT TO REJECT TENDER**

The Regional District reserves the right, in its sole discretion, to waive informalities in tenders, reject any and all tenders, or accept the tender deemed most favourable in the interests of the Regional District. The lowest, or any tender, will not necessarily be awarded.

Tenders which contain qualifying conditions or otherwise fail to conform to the instructions contained in this ITT may be disqualified or rejected. The Regional District may, however, in its sole discretion, reject or retain for its consideration tenders which are non-conforming because they do not contain the content or form required by the ITT, or for failure to comply with the process for submission set out in this ITT, whether or not such non-compliance is material.

The Regional District reserves the right to reject a tender based on potential or perceived conflict of interest on the part of a tenderer. Without limitation, the Regional District reserves the discretion to reject any tender where:

- a. one or more of the directors, officers, principals, partners, senior management employees, shareholders or owners of the tenderer, is an officer, employee or director of the Regional District, or is a member of the immediate family of an officer, employee or director of the Regional District; or
- b. in the case of a tender submitted by a tenderer who is an individual person, where that individual is an officer, employee or director of the Regional District, or is a member of the immediate family of an officer, employee or director of the Regional District.

By submitting a tender, the tenderer confirms that clauses a. and b. above are not applicable.

The Regional District reserves the right to reject any tender submitted by a tenderer who is, or whose principals are, at the time of tendering, engaged in a lawsuit against the Regional District in relation to work similar to that being tendered.

**5.0 WAIVER OF CLAIMS FOR COMPENSATION**

Except for a claim for the reasonable cost of preparation of its tender, by submitting a tender, each tenderer irrevocably waives any claim, action, or proceeding against the Regional District including, without limitation, any judicial review or injunction application, and any claim against the Regional District and its elected officials, officers and employees for damages, expenses or costs, loss of profits, loss of opportunity or any consequential loss for any reason, including any such claim, action or proceeding arising from:

- a. any actual or alleged unfairness on the part of the Regional District at any stage of the tender process, including without limitation any alleged unfairness in the evaluation of a tender or award of a contract;
- b. a decision by the Regional District not to award a contract to that tenderer; or
- c. the Regional District's award of a contract to a tenderer whose tender does not conform to the requirements of this ITT.

**6.0 TENDER EVALUATION**

Evaluation of tenders will be by a committee formed by the Regional District in order to provide a recommended award of contract (the "Contract"). Tenders should be clear, concise, and complete.

The following tender evaluation methodology will be used by the committee to evaluate the tenders received:

a. Ammonia plant maintenance experience, length and quality of experience of the tenderer in doing similar work	<b>20%</b>
b. Ability to attend emergency situation/significant plant alarm on site in less than 6 hours	<b>20%</b>
c. Acceptability of reference checks conducted by the Regional District	<b>20%</b>
d. Price	<b><u>40%</u></b>
<b>TOTAL 100%</b>	

Where tender prices are the same, the Regional District will consider the tenderer's experience in similar work beyond the minimum standards established in this ITT.

Throughout the evaluation process, the Regional District, at its sole discretion, may request additional written clarification and/or supplemental information from selected tenderers as part of the evaluation process. Notwithstanding the results of the evaluation conducted by the committee, the Regional District reserves the right to select the tender that the Regional District considers provides best overall value.

**7.0 CONTRACT**

**7.1 Form of Contract**

The form of contract will be similar to the sample contract in Appendix D and will include this ITT, Tender Form, List of Sub-Contractors, Tenderer's Experience in Similar Work, Schedule of Prices, Appendix A – Conflict of Interest, all appendices, amendments, and addenda, and the successful Tenderer's submission.

The Regional District reserves the right to negotiate the terms and conditions of the contract with the tenderer whose tender is selected following the evaluation process referred to in Section 6.0 of this ITT.

## 7.2 Term of Contract

The term of the Contract will be three (3) years: from 12:01 a.m., September 1, 2022 to midnight, August 30, 2025. The term of the Contract may be considered for extension on a period-by-period basis at the Regional District's discretion.

Each extension, if granted, will be for a one (1) year period and the total contract duration will not exceed five (5) years.

Six months prior to the expiry of the first term of the Contract, the parties will meet to discuss the terms of an extension of the Contract. Neither party will be bound to an extension unless the terms of the extension are approved by that party's corporate body.

## 8.0 **CHANGES TO THE CONTRACT WORK**

The Regional District, without invalidating the Contract, may make changes by altering, adding to, or deducting from the work. The Contractor will proceed with the work as changed and the work will be executed under the provisions of the Contract. No changes will be undertaken by the Contractor without written order of the Regional District, except in an emergency endangering life or property, and no claims for additional compensation will be valid unless the change was so ordered. The Regional District will entertain no payment for extra work or changes in the Contract unless a "Change Order" form is completed and signed by the Regional District and the Contractor.

If, in the opinion of the Regional District, such changes affect the Total Contract Price, the Total Contract Price amount will be adjusted at the time of ordering the changes. The value of the addition or deduction from the Total Contract Price will be decided by the Regional District based on a lump sum estimate submitted by the Contractor and accepted by the Regional District.

## 9.0 **INVOICING AND PAYMENT**

- a. The Contractor's fees under the Maintenance Contract are to be invoiced on quarterly basis during the term of the Contract.
- b. Technical Support, in excess of the 12 annual allowable hours included in the Contract, is to be invoiced on a monthly basis, if applicable.
- c. Refrigeration work not included in the Contract is to be invoiced on a timely basis. Invoices are to be itemized detailing the work done, applicable travel and LOA costs, and which facility work was done at.
- d. The Regional District will pay by the thirtieth (30<sup>th</sup>) day of the month following that for which payment is required on receipt of an invoice from the Contractor.
- e. All invoices must show taxes as a separate item.

## 10.0 **PAYMENT WITHHELD OR DEDUCTED**

The Regional District may withhold, suspend or deduct the whole or part of any payment to the Contractor to the extent necessary to protect themselves from loss on account of one or more of the following:

- where the Contractor is not performing the work satisfactorily;
- where any defective or faulty work has not been remedied;
- where there are affidavits of claim of lien, or liens filed against the site and premises on which the work is done or is being done, or reasonable evidence of the probable filing of such affidavits of claim of lien, or of filing, or registration of liens;

- where there exist unsatisfied claims for damages caused by the Contractor to anyone on the site(s) or in connection with the work; or
- where the Regional District has corrected a deficiency under Clause 14.8;
- where regulatory compliance documentation has been scheduled and not completed in a timely manner (see also Clause 14.1)

## **11.0 FORCE MAJEURE**

If either the Contractor or the Regional District are prevented from performing their obligations under the Contract, or where the Regional District's work in respect of which the Contractor is providing Services cannot be performed, because of an act of God, an act of a legislative, administrative or judicial entity, fire, flood, labour strike or lock-out, epidemic, pandemic, unusually severe weather, or other similar cause outside of the control of the Parties (collectively "Force Majeure"), then the obligations of the Contractor and the Regional District under the Contract shall be suspended for so long as the condition constituting Force Majeure continues. The Party affected by Force Majeure shall provide the other Party with notice of the anticipated duration of the Force Majeure event, any actions being taken by the Party providing notice to avoid or minimize the effect of the Force Majeure event and shall make reasonable efforts to remove or mitigate the effects of the condition constituting Force Majeure. Upon the termination of the Force Majeure event, the Regional District shall grant to the Contractor a time extension for performance of any milestone dates required as part of the Services as may be agreed with the Contractor or, if the Regional District and the Contractor are unable to reach agreement, as determined by the dispute resolution process under Section 8.0 "Dispute Resolution" of the Sample Contract. Whereas a result of Force Majeure there is a material increase in the Contractor's cost of or the time required for the performance of the Services that is not offset by a decrease in cost, then the Regional District shall increase the amount of the service fee payable to the Contractor under Section 9.0 "Invoicing and Payment" of this ITT, as may be agreed by the Contractor, or as determined under Section 8.0 "Dispute Resolution" of the Sample Contract. If the event of Force Majeure results in a material increase in the cost of the work to be performed in respect of which the Contractor is providing the Services, then the Regional District may choose not to proceed with the completion of the work and may terminate this Contract. If the Regional District terminates this Contract following the termination of the Force Majeure event, then it shall compensate the Contractor in accordance with Section 10 of the Sample Contract.

## **12.0 INDEMNITY**

Notwithstanding the compliance of the Contractor with all the clauses concerning insurance, the Contractor shall indemnify, protect, and save harmless the Regional District, its officials, officers, employees, volunteers, servants, and agents from and against any and all liabilities, damages, losses, claims, costs, expenses of any kind whatsoever (including legal costs, hereafter referred to as "claims"), including any such claims brought by a third party against the Regional District for personal or bodily injury, including death, or for property damage, that arise out of or are connected with or caused by the negligence, breach of contract, or other error or omission in the performance of the work, on the part of the Contractor and its directors, officers, employees, agents and sub-contractors. If the Regional District pays, or is required to pay, any claims, or if the property of the Regional District is charged or encumbered by any liens, judgments or other charges as a result of any claims, then the Regional District shall be entitled to recover from the Contractor all damages, costs, fees or other charges incurred by the Regional District in satisfying such claims together with any costs or expenses incurred in so doing. The Contractor covenants and agrees that this clause shall survive the termination of the Contract herein granted.

## **13.0 INSURANCE**

The Contractor shall, without limiting its obligations or liabilities, and at its own expense, provide and maintain throughout the Contract term, the following insurance with insurers licenced in the Province of British Columbia, in forms acceptable to the Regional District. All required insurance (except automobile insurance on vehicles owned by the Contractor) shall be endorsed to show the Regional District as additional insured and to require that the Regional District be provided with thirty (30) days' advance written notice of cancellation or material change. The Contractor will provide the Regional District with evidence

- i.
