

Addendum No. 1

Invitation to Tender ES-22-05 Solid Waste Hauling Services Cummings Road Regional Transfer Station

The addendum is being issued prior to the closing of the Invitation to Tender to provide further information, make changes to, or to clarify the Contract Documents and is to be read, interpreted and coordinated with all other parts of the Contract Documents. In the case of a conflict with the balance of the documents, this Addendum shall govern. **Tenders shall attach a signed copy of this addendum to their tender.** This addendum shall form part of the Contract Documents.

- Question** As per our discussions at the site meeting, which bins would the RDFFG prefer? The WCB approved lidded bins? The bin style to have a side opening lid, (not the old crank up style)?
- Answer** That is correct, all bin lids must meet required regulatory and provincial regulations and as such, tenders should provide bins with the side opening lid, that meet the current WCB standards.
- Question** There are no bin stops on site. Is this something the RD will install?
- Answer** Currently there are no bin stops. It may be something that the RDFFG will install, but the site has remained operational without them.
- Question** Can the RDFFG confirm that next year the snow will not be piled in the turn around area?
- Answer** Snow clearing will be conducted in a safe manner without impacting the bin hauling.

Date: March 14, 2022

Addendum No. 1 Received.
