

## **Addendum No. 2**

### **Invitation to Tender ES-22-12 Earthworks Services and Compaction and Cover Service Legrand Regional Landfill**

The addendum is being issued prior to the closing of the Invitation to Tender to provide further information, make changes to, or to clarify the Contract Documents and is to be read, interpreted and coordinated with all other parts of the Contract Documents. In the case of a conflict with the balance of the documents, this Addendum shall govern. **Tenderers shall attach a signed copy of this addendum to their tender.** This addendum shall form part of the Contract Documents.

**Question** We have not dealt with obtaining a surety previously. Can you suggest a contact? Could we include a bank draft for the 10% with our tender? Can you give me some insight on where to go, what the options might be? We're just a little lost on this requirement.

**Answer** **As per Section 8.0 Bonding, 8.1 Bid Bond**

#### 8.1 Bid Bond

The bid must be accompanied by a Bid Bond in an amount of ten percent (10%) of the total tendered price.

**Question** As a follow up to the question of surety. We have spoken with their security underwriters, and they have reviewed the tender. They have suggested that a draft or certified cheque in the amount of 10% of our tender would be a simpler solution for this instance as the tender document 8.1 calls for a bid bond to execute the contract but does not call for performance security. Given that the job is under \$250,000 and short term, a surety bond is an uncommon requirement in their opinion. We are still looking for direction from your office so that we can proceed in a way acceptable.

**Answer** **As per Section 8.0 Bonding, 8.1 Bid Bond**

#### 8.1 Bid Bond

The bid must be accompanied by a Bid Bond in an amount of ten percent (10%) of the total tendered price.

Date: September 21, 2022

Addendum No. 2 Received.
