The addendum is being issued prior to the closing of the Invitation to Tender to provide further information, make changes to, or to clarify the Contract Documents and is to be read, interpreted and coordinated with all other parts of the Contract Documents. In the case of a conflict with the balance of the documents, this Addendum shall govern. **Tenders shall attach a signed copy of this addendum to their tender.** This addendum shall form part of the Contract Documents.

Question ITT ES-22-12 Section 15.0 Item 13 states, "cover and compaction work will be completed on or before November 30th, 2022. Section 6.0 states that works will be completed on or before November 15th, 2022. Can the Regional District please clarify which finish date to use for estimating/planning purposes?

Answer ***Item 13 on page 13, should read, "cover and compaction work will be completed on or before November 15th, 2022".***

Question Will the Regional District be providing survey quantities for actual material to be moved?

Answer ***No***

Question Will there be any engineered drawings (IFC or other) provided?

Answer ***No***

Question During the site visit, it was discussed that sloping would conform to WSBC regulations. WSBC does not specifically prescribe a gradient for machines working on slopes; this is more of a manufacturer's specification. Can the Regional District specify 1:3 (19 degrees) or 1:2 (26 degrees) for the final sloping?

Answer ***Outside slopes will be approximately 2:1 (50%) or (26 degrees), this includes all slopes on the eastern edge in the identified work area. 3:1 (33%) or (18 degrees) sloping will only be used for areas to be actively filled or filled in the future; this includes all slopes along the northern edge in the identified work area.***

Question Is the regional district adding snow removal as a provisional item to the Schedule of Prices?

Answer ***See meeting minutes.***

Question We could not find a specification for depth of cover; what does the Regional District want to see for depth of cover on the garbage?

Answer ***Cover will be applied at a depth of 30cm. See meeting minutes.***

Question As time is of the essence for this project, can the Award of Contract be earlier than October 20th?

Answer **See Section 6, ITT ES-22-12**

Date: September 8, 2022
